

Regional Response for the 70th General Chapter

"As Brothers of the WEONA Region, we gathered in anticipation of the 70th General Chapter. Reflecting on our journey as Hospitaller Brothers, we embrace the present and remain steadfastly hopeful for the future.

In this dynamic world, we pledge to 'Walk each other home,' honoring the diverse stages of life we travel. We forge innovative paths to sustain our shared way of life, adapting gracefully as we encounter health challenges and the ever-changing environment.

Our Brotherhood undergoes a transformative reimagining, aligning with our mission and attuned to the Earth's urgent cries and the plight of the marginalized poor.

Inspired by Saint John of God, we ensure that the ministries we hold sacred endure long after our time. Through collective prayer and sacrifice, we support current and future leadership, trusting in our shared journey.
